## DESCRIPTION

---

The YAX ceiling lamp from the MiLAGRO brand is an extremely modern and practical solution that can be used in virtually every house or apartment. This type of lamp will also fit perfectly into an office or commercial space.

Their non-intrusive design and round shape will be a great complement to any interior. They are made of high quality plastic in white.

A good solution is to install several such points of light at the same time.

The undoubted advantage of ceiling lamps from the MiLAGRO brand is the ability to adjust the color of the light - from cold, through neutral, to warm shades. Thanks to this, we can adjust the temperature individually to our own needs and to the activity performed at a given time.

Changing the color of the light is also very simple, thanks to the remote control attached to the lamp.

Ceiling lamps from the MiLAGRO brand are covered by a 2-year manufacturer's warranty.
