DESCRIPTION

Stylish lamps from the SARA series are a decorative lighting proposal, perfect for a child's room. Lamps from this collection are characterized by rich ornaments in the form of snails and crystals. These models have a round rosette and a finely curled arm that is a perfect decoration. There is a light source on it. SARA series lamps can have one light point (wall lamp), three or five light points (chandeliers) closed under old-school lampshades. You can only install a chandelier in the child's room or buy a wall lamp for it. Together, they will create the perfect combination. SARA lighting is available in three color versions: white (SARA WHITE), gray (SARA GRAY) and pink (SARA PINK), which will perfectly fit into the home space. Especially the one intended for the youngest.

Both the wall lamp and the chandeliers are powered by an E14 bulb. The voltage at which they can operate is 230 V at a frequency of 50 Hz. "
