Quantity in gross packaging: [1.0000](#)

PACKAGE CATEGORY: [Corrugated cardboard](#)

CATEGORY IN THE PACKAGE: [Foil / Cardboard](#)

Producer: [Eco-Light](#)

Brand: [Milagro](#)

DESCRIPTION

The richly decorated chandeliers from the STAR collection are equipped with three light points with E27 fittings. They have been adapted to LED bulbs of any power, as well as traditional ones with energy classes from A ++ to E. Importantly, the power of each of these sources cannot be higher than 60W, which means that the lamp works with a maximum power of 180W. The width of this lamp is 30 cm and its height is 33 cm.

The STAR collection chandeliers will be the perfect complement to children's rooms. The model from MiLAGRO is available in four color versions: neutral gray, light pink, deep blue and expressive pink. The combination of charming stars and shiny crystals will catch the eye and will delight even the most demanding interior design amateurs. The chandelier will look very good hung in the center of the room, as well as against the wall, for example above a desk or a play corner.

The STAR collection chandeliers come with an instruction manual and the elements necessary for their installation. The lamps are also covered by the manufacturer's warranty.
