DESCRIPTION

The CORAZON line chandeliers are made of a combination of two safe materials: acrylic and metal. The luminaires are adapted to various light sources: the traditional ones with energy classes from A ++ to E, as well as LED bulbs of any power. This lamp has space for three light sources. The power of each of them cannot exceed 60W, and the total power of the lamp cannot exceed 180W. The total height of this model is 35 cm and its width is 30 cm.

CORAZON chandeliers are available in four colors: neutral white, gray, light and dark pink. They attract the eye with their rich ornamentation: a combination of charming hearts and shimmering crystals. This style will be the perfect complement to a glamor-style children's room, where it will be one of the many stylish elements. It also works great in a minimalist interior, being the main element of its decor.

CORAZON lamps from MiLAGRO have a manufacturer's warranty and all compliance certificates. The elements needed to assemble them and the instruction manual are also included.
