DESCRIPTION

Unconventional form and original style are the distinguishing features of the lamps from the Emma Pink collection. Lighting in the shape of a ribbon will work in both classic and modern interiors. The delicate, pink shade means that the fixtures can be successfully installed in the living room, dining room and

children's room. The series consists of three types of lamps: a wall lamp with one point of light and two ceiling overhangs with one or three points of light. It is recommended to use LED bulbs with E27 socket for lighting. By combining several lamps from the collection in a room, you can create a coherent and complete arrangement.

The products are covered by a 2-year manufacturer's warranty, under which free warranty services are provided. "
