DESCRIPTION

The CLIFF series is an offer from the MiLAGRO brand that will delight all enthusiasts of original design.

The collection consists of six elements. It includes a standing lamp, a wall lamp, and hanging lamps - single, triple, as well as with five and three light sources. The latter is distinguished by an interesting arrangement of the sling, which gives it a unique look.

Lamps from the CLIFF collection can be assembled on their own, being one of the main decorative elements, but they also look great as a set. The models are made of high-quality metal, which are available in two colors: black and white.

The distinguishing feature of the collection is a spacious lampshade with a fashionable shape that exposes a light bulb with a stylish golden stripe. The CLIFF line will be a perfect complement to spaces maintained in an industrial and loft style.

The CLIFF series lamps are covered by a 2-year manufacturer's warranty.
