DESCRIPTION

The unique Vienna collection is characterized by sophisticated elegance and style. The series consists of three types of golden-colored lamps: hanging with one and three separate light points, hanging with three connected light bulbs arranged horizontally and vertically, and hanging with five light bulbs placed horizontally. In addition, the collection includes a desk lamp that will be perfect as a refined interior decoration. Lamps are made of high-quality metal and glass.

The manufacturer provides a 24-month warranty for the lamps, under which it provides free warranty services. After this period, it is possible to use the company's specialized service.
