DESCRIPTION

ALAMBRE lamps - the quintessence of loft chic

The unique ALAMBRE collection of the Polish brand MiLAGRO is a proposal perfectly tailored to the needs of minimalists and fans of industrial atmosphere in interiors. Under this name, there is a subtle pendant lamp with a metal, openwork, diamond-shaped lampshade. This model is available in three color variants: white, black and gray.

The ALAMBRE pendant lamp, due to its intriguing design and metal finish, will perfectly fit into loft spaces, where it will perfectly harmonize with concrete, wood and raw brick. A light shade in black, white or gray, however, can equally well harmonize with walls in pastel colors, as well as in a fashionable shade of deep green, graphite and navy blue. As for the purpose, the lamps from this collection will be perfect as the main source of light in a room, or as additional lighting in more shaded nooks and crannies: a multimedia corner or a bookcase. This type of overhang can also be successfully hung over the dining room table, a chest of drawers in the living room or a small, wooden console in the hall.

The ALAMBRE series - unique design coupled with quality

Industrial lamps from the ALAMBRE collection primarily attract the eye with an intriguing form, but they also deserve attention for other reasons. The main one is the highest quality of workmanship and the use of extremely durable and durable metal in the production. These lamps work with an E27 light source, and look particularly impressive with decorative diamond-shaped bulbs. Such a bulb was also included in the set by the manufacturer.

The ALAMBRE collection includes:

- Hanging lamp in black MLP4130
- Hanging lamp in white MLP4131
- Hanging lamp in gray MLP4132
