JOKER lamps - a noble face of minimalism

The elegant collection of JOKER lamps by the Polish brand MiLAGRO is a proposal that attracts eyes with a skilful combination of simple, narrow cylinder-shaped lampshades with noble details. Their common feature is the simple, geometric form of the lampshades, as well as the colors based on black and white with golden, chrome or wooden decorative elements. The JOKER collection has 10 models, but taking into account the variety of colors, this means as many as 44 fantastic proposals.

The JOKER lamp collection has been designed with modern spaces in mind, in which elegant details perfectly harmonize with the minimalistic whole. This line includes long overhangs with one, three or five light sources, wall lamps in the form of small reflectors, as well as ceiling lamps such as a spider chandelier with five arms and small lampshades resembling spotlights on long slats or square bases. In the case of the last two options, you can choose from lamps containing from two to eight sources of the world.

The huge number of available variants means that using JOKER lamps you can easily design a coherent and very stylish lighting system in a room, and even throughout the house. Bright lamps will look best in luxurious interiors dominated by wood, marble, bright surfaces and soft materials. The black option with chrome, gold or wooden accessories can perfectly fit into modern spaces, including those with industrial accents.

The JOKER collection - in a class of its own

The elegant lamps from the JOKER collection are a proposal that deserves attention not only because of the perfect design and enormous variety, but also because of the highest quality of workmanship. Durable and damage-resistant metal was used for the production of lighting from this line, thanks to which the lamps will survive in perfect condition for many years.
