DESCRIPTION

LISA lamps - a discreet charm of elegance

The LISA pendant lamp collection, designed by the Polish brand MiLAGRO, is the perfect embodiment

of subtle elegance and good taste. It includes as many as 6 stylish proposals - three models each with a different number of light sources, available in two color variants: completely white and black with a golden interior. Their common feature are extremely effective lampshades made of interconnected round details.

Hanging LISA lamps are a proposal that will be perfect wherever the lighting is to be not only functional, but also decorative. All thanks to the delicately openwork lampshades, which on the one hand look great against any styling, on the other hand they transmit light fantastically. A particularly interesting effect can be achieved by installing several different LISA lamps next to each other or in different places in the room. The model with three light sources is ideally suited as table lighting in the dining room or kitchen island. Single lamps with a lampshade with a diameter of 18 or 40 centimeters will look great as the main source of light in a small room, as well as additional lighting in darker spaces. An interesting visual effect can be achieved by using the cable length adjustment option and hanging the three or five smallest LISA lamps next to each other at different heights. Such a composition will certainly look unique, and the openwork lampshades will create a real spectacle of intriguing light reflections in the interior.

The LISA series - perfect design, the highest quality

The LISA collection includes three models of hanging lamps with semicircular shades made of metal. The first proposal has three light sources, placed in parallel lampshades with a diameter of 18 and a height of 15 centimeters. The other two variants are single overhangs with a diameter of 18 or 40 centimeters and a height of 15 and 20 cm, respectively. Each of the lamps is height adjustable from 50 to 100 cm and is adapted to E27 bulbs (light source not included).

The LISA pendant lamp line consists of the following models:

- Hanging ceiling lamp with three light sources, white ML6139
- Hanging ceiling lamp with three light sources, black and gold ML6136
- Hanging ceiling lamp with one light source and a shade 18 cm in diameter, white ML6138
- Hanging ceiling lamp with one light source and a shade 18 cm in diameter, black and gold ML6135
- Hanging ceiling lamp with one light source and a shade 40 cm in diameter white ML6137
- Hanging ceiling lamp with one light source and a shade 40 cm in diameter, black and gold ML6134
