DESCRIPTION

Tango - musical elation in an elegant version

The Tango series is a modern collection created by the Polish brand MiLAGRO. The hallmark of this line is an impressive glass lampshade in the shape of an inverted cup. The luminaire, depending on the color version of the lampshade, can either expose the light source or cover it. Lamps from this collection will completely change the interior, giving it an extraordinary class and style. This elegant series will be best presented in the living room and bedroom, as well as in various types of service premises in the beauty industry and hotels. The line consists of two lamp models: with one lampshade or with three lampshades, the wires of which are placed on a common, rectangular rosette.

The lamps from the Tango line in golden color will be the perfect complement to a glamor-style interior. The golden, shimmering housing of the lampshade gives an amazing effect that makes the room glow. In turn, the other two shades - transparent and burnt, thanks to the universal colors, leave freedom in arrangement. The Tango series can be used in several rooms, creating a coherent whole. The elegant collection is an irreplaceable decoration that will not only brighten up the interior, but will also be a great addition. The model with three shades will work well just above the dining room table, the top of which will brighten up properly. However, a single lamp will perfectly fit into the decor of a smaller room where there is no need to install strong light.

Tango - an unusual proposition from the Polish brand MiLAGRO

The Tango collection was created from high-quality raw materials, thanks to which it is resistant to dirt and damage. The combination of metal and glass makes this series the quintessence of not exaggerated elegance. All models in this series have the ability to adjust the cable, which means that they can be mounted anywhere, adjusting only the height.

The lamps from the Tango line are equipped with a place for one E14 light source with a power of 40 W (sold separately). In addition, the lamps in this series are covered by a manufacturer's warranty which lasts for 24 months.

This unique collection includes the following lamps:

pendant lamp with one light source with a transparent shade ML6163
pendant lamp with one light source with a gray, burnt shade ML6165
hanging lamp with one light source with a golden shade ML6167
hanging lamp with three light sources with a transparent shade ML6164
hanging lamp with three light sources with a gray, burnt shade ML6166
hanging lamp with three light sources with a golden shade ML6168
