DESCRIPTION

Diamond wire lampshades enriched with wooden elements are the hallmarks of the ULF collection. The line consists of several models: a wall lamp and two hanging lamps with two or three lampshades. The raw line of metal was broken with wooden beams.

The ULF line will complete the industrial-style arrangement. Thanks to the use of wood, it will warm up the raw loft atmosphere. This type of lighting will also work in retro-styled interiors, especially when we use LED bulbs with visible filament as a light source. In addition, if we use a dim light source, we will obtain a fashionable vintage effect.

The ULF collection is covered by a 24-month manufacturer's warranty.
