DESCRIPTION

LUPO - a breath of modernity

The LUPO collection created by the Polish brand MiLAGRO. Lamps from this series are a real treat for fans of industrial style in a slightly more subtle, elegant edition. The line includes: a wall lamp, a pendant lamp with one and three light points and a standing lamp. The distinguishing feature of this collection is the lampshade, which, despite its construction and the "heavy" materials used, creates an extremely light form. A gold, wire lampshade in a strong trapezoidal form is placed on a simple structure available in black or white. This design will perfectly fit in with a loft-style, austere interior. The beauty of the lamp will certainly be emphasized by white, gray, graphite, raw wood and brick.

LUPO lamps will work very well as a light source in a spacious living room, home office, bedroom or kitchen. Several lamps from this series in one room will look extremely effective. The wire lampshade transmits the light, while beautifully displaying the bulb inside.

LUPO - Polish production from the MiLAGRO brand

Only carefully selected materials of the highest quality were used to make this series. Metal was chosen here - resistant to scratches and all kinds of mechanical damage.

An additional advantage of hanging lamps is the possibility of adjusting their height, so they can be hung anywhere, even on a table or sofa. It is between 50-90 cm. All lamp models have space for E27 light sources (bulb not included). The series is guaranteed by the Polish brand MiLAGRO. It is 2 years.

The LUPO collection from the Polish brand MiLAGRO includes:

- white wall lamp with a golden shade MLP6265
- black wall lamp with a golden shade MLP6269
- hanging lamp with one light source black with a golden shade MLP6270
