## DESCRIPTION

---

Black and gold MONZA lamps with the construction of slender cylinders are an interesting and attractive way to illuminate the rooms. The light structure of hanging and wall MONZA lamps in combination with dark colors gives a mix of ergonomics and class. The hanging lamps are available in two variants: with a round rosette and a rectangular beam. This allows you to create a coherent set of lamps for our house or apartment.

MONZA is unique style, class and elegance. These lamps will match rooms in darker colors. They can also contrast with white walls. The golden fragments of the lamp will form a coherent whole with other golden elements of the interior design. Lamps will match elegant furniture in distinguished rooms. They will provide lighting for spaces decorated in good taste, such as corridors, bathrooms, living rooms and dining rooms. Stylish lamps can hang over a table, bar or bench. MONZA wall lamps are small lamps that provide a large dose of lighting.

The collection of MONZA lamps is covered by a 24-month warranty provided by the manufacturer.
