DESCRIPTION

ALMERIA lamps - elegant glamor style lamps

The ALMERIA series designed by the Polish brand MiLAGRO is the essence of the glamor style and an ideal proposition for modern, feminine interiors. The collection includes 5 different lamps - three single overhangs of different sizes, one triple overhang and one wall lamp. Their greatest strength is the perfect combination of classic forms with extremely stylish colors and expressive accessories.

Models from this collection are characterized by a simple, cylinder-shaped fabric lampshade, but the strings of beads hanging from its interior of various lengths make the whole look very stylish. These chains, however, not only have an aesthetic value - thanks to them, the light is effectively diffused and creates a very cozy atmosphere in the room. An additional advantage of the lamps from this collection is the huge variety of colors. You can choose models with gold and silver crystals, and the lampshades are available in black and gold, white and gold, bottle green and silver.

Lamps from the ALMERIA series, due to their original form and noble colors, are best for interiors maintained in a feminine glamor style, but they can also be successfully installed in modern spaces. They will also fit perfectly in the retro atmosphere, as well as in the English style - full of tasteful accessories, elegant stucco and noble colors.

ALMERIA collection - elegance goes hand in hand with the highest quality

The stylish ALMERIA lamps are made with the highest precision from excellent quality materials. Lamp bases are made of metal, lampshades are made of extremely durable, easy-to-clean and pleasant-to-touch fabric, and coral cords are made of plastics. The great advantage of the series are also the various dimensions, allowing the sizes of the lamps to be adapted to the size of the room.

However, the manufacturer does not recommend mounting the lamp in wet rooms (protection class IP20).

The ALMERIA collection includes:
