## DESCRIPTION

---

The modern PIERCE collection, designed by the Polish brand MiLAGRO, is a proposition in line with the latest arrangement trends. This line consists of a minimalist pendant lamp and two low, oblong wall lamps - all with an LED module. The simple form of the lamps is a great counterbalance to its intriguing pattern in the form of foil, imitating white or black marble. The big advantage of the hanging model is its adjustable height.

Lamps from the PIERCE family are an ideal proposition for modern interiors, where the main role is played by noble materials: marble, wood and glass. A pendant lamp from this line will be perfect for a dining room table or above a kitchen island. Wall lamps, in turn, will perfectly brighten the wall above the bed or a wide hall and passages between rooms, because their light spreads both up and down.

Lamps from this collection are covered by a 24-month manufacturer's warranty.
