Sparta - a timeless classic in an elegant version

Sparta is one of the newest series of the Polish brand MiLAGRO. This line includes a wide range of lamps, ideally suited to interiors arranged in a classic style. It includes: hanging lamps, desk lamps and wall lamps (a total of 9 different models) in black matte, with spherical opal glass shades and golden details. This unique lighting can be combined in any configuration, thus designing a unique, elegant interior.

Lamps from the Sparta line, thanks to their universal form and the number of available variants, can be easily adapted to rooms with various uses. Milk pendant lamps or wall lamps are perfect for a bedroom, but also perfectly brighten up a spacious living room or dining room. It is enough to properly adjust the number of light sources by choosing a one-, three- or even five-point chandelier. A desk lamp with two spherical shades will look great on a small table next to a comfortable armchair, and single wall lamps - above the fireplace or a wooden console in the corridor. This extraordinary collection will give the interior a unique, refined style associated with class and elegance.

Sparta series - lamps from the Polish manufacturer

The combination of high-quality glass and metal is adapted to bulbs with an E14 socket and a power of 40 W. Depending on the specific model, the lamp may require 1, 2, 3 or 5 separate light sources (not included). In addition, the entire series of lamps is covered by the manufacturer's warranty for 24 months. Manufactured by a Polish producer - the Milagro brand, the elegant Sparta collection includes the following types of lighting:
