DESCRIPTION

Sofia - class with a hint of luxury

The unique Sofia collection is an offer from the Polish brand MiLAGRO. This extremely versatile series was created for modern interiors with a hint of elegance. This line includes 9 lamps, including hanging lamps with a different number of light sources and a different base, as well as plafonds and wall lamps. Additionally, elegant, spherical shades - characteristic for all models - are available in three colors: amber, smoky and transparent. A mix of these colors is also available for the two pendant lamps. As a result, there are as many as 29 extremely stylish proposals to choose from.

Lamps from the Sofia collection are the perfect solution for lovers of consistent arrangement compositions. Within one space, you can combine lighting for various purposes, without the risk of introducing decorative chaos. Such a multitude of models can be especially useful in open interiors, where the living room gently blends into the dining room and kitchen. A hanging lamp with five shades is perfect as the main source of light, a triple overhang will illuminate a small table, and sconces can subtly emphasize recesses or designate a corner to rest. The Sofia series will fit well in public spaces such as elegant hotels, restaurants and beauty salons. Stylish lamps will illuminate the interior and give it a touch of luxury.

Sofia lamps - Polish production and design

The Sofia series consists of four hanging lamps with one, with three in two variants and with five light points. Additionally, there are 4 ceiling lamps in two versions: a lampshade and a rosette or a lampshade mounted on arms with one, three or five bulbs. The collection also includes one wall lamp. The height of the hanging lamps is between 40-100 cm. Thanks to the possibility of adjusting the length of this type of lighting, it is universal and can be mounted in any room. The lamps are made of the highest quality materials, making them extremely durable and resistant to dirt. The suggested power for this type of lamp is 60 W and is adapted to the E27 bulb. The series has a 24-month manufacturer's warranty.

Manufactured by the Polish manufacturer - the MiLAGRO brand, the stylish Sofia collection consists of the following types of lighting:

pendant lamp with one light source transparent, smoky, amber MLP6576, MLP6577, MLP6578
