DESCRIPTION

MAXI is one of the newest collections designed by the MiLAGRO brand. It is characterized by a modern design with a delicate hint of modernity. This style will surely appeal to all those who expect the lighting to subtly complement the interior design.

Two elements are part of the MAXI series: a wall lamp and a ceiling lamp. The collection is available in three color versions: white, black and gray. The MAXI lamps are also distinguished by the fact that they have movable arms, which allows you to adjust the angle of incidence of light to your needs. It is worth noting that the lamps are made of high-quality metal, carefully selected by the brand's designers.

Such a design, sparing in its form, is perfect for, for example, offices, but it will also be a great complement to a living room or bedroom where the household members care about subtlety.

Lamps from the MAXI collection are covered by a 24-month manufacturer's warranty.
