Quantity in gross packaging: [1.0000](#)

PACKAGE CATEGORY: [Corrugated cardboard](#)

CATEGORY IN THE PACKAGE: [Foil / Cardboard](#)

Producer: [Eco-Light](#)

Brand: [Milagro](#)

DESCRIPTION

The ANGELICA series chandeliers can accommodate three light sources with a maximum power of 60W each. The total power of the device cannot exceed 180W. Luminaires with an E27 socket have been adapted to light sources with energy classes from A ++ to E, as well as to LED bulbs at any chosen night. The total height of this ceiling is 28 cm and its width is 30 cm. Models from this line are made of a combination of safe metal and acrylic.

ANGELICA lamps are perfect for children's rooms, being one of the main elements of their decor. It is worth placing the selected model in the center of the room so that it illuminates well, for example, the children's play area. Decorative elements in the form of shimmering crystals and cute butterflies will delight even the most demanding "young lady". When choosing this model, you can choose from three color versions: gray, pink and white.

Chandeliers from the MiLAGRO company are covered by the manufacturer's warranty, have certificates of compliance, as well as the instruction manual with the elements necessary for their assembly.
