DESCRIPTION

Collection of HARALD lamps - style and elegance The elegant HARALD lamps by the Polish brand MILAGRO are a tribute to fans of minimalist accessories in strong colors. This family includes one pendant lamp model in as many as 4 different color configurations: pure white, navy blue, black and bottle green. The greatest advantage and decoration of these products is a classic, semicircular lampshade with a diameter of 30 centimeters, finished inside with a golden color and decorated with an eye-catching detail on the top, also in gold.

Harold lamps delight with a perfect combination of pure form and noble colors, which is why they will fit perfectly into the atmosphere of interiors decorated in a variety of styles. They will look great above a wooden table in a classic dining room, over a sofa in a modern living room and a bed in a glamor-style bedroom. In order to display the unique colors of the lamps as much as possible, it is worth ensuring that the room has other accents of a similar color. It can be a bottle green wall, a soft corner with navy blue upholstery or black and white posters in simple golden frames.
