DESCRIPTION

ATLANTA lamp collection - for nature lovers

A new proposal of the Polish brand MiLAGRO - the ATLANTA collection - has been designed for lovers of interiors inspired by nature and decorated in the spirit of eco-design. This family of products includes 5 interesting lamp models, including two impressive chandeliers (with three and five light points), a practical wall lamp, a table and a floor lamp. All lamps from the ATLANTA collection have classic cylinder-shaped lampshades, made of light fabric with a clear weave, and their bases and arms are made of metal painted black. The whole is complemented by subtle accessories made of natural, light wood.

Lamps from the ATLANTA collection, due to their subdued colors and materials used, are best suited to Scandinavian, rustic and loft interiors. They will perfectly harmonize with wooden furniture, classic planks on the floor and walls in earth tones, as well as natural accessories in the form of linen curtains and wicker decorations. It is a good idea to combine several ATLANTA lamps within one space and create a coherent design in the interior. How to do it? For example, hang a chandelier in the center of your living room by placing a floor lamp in the reading corner and illuminating the multimedia wall with two wall lamps.

ATLANTA lamps - durability at the highest level

Stylish lamps from the ATLANTA collection are produced by the Polish brand MiLAGRO, maintaining the highest quality standards, thanks to which they are very durable and resistant to damage. Additionally, they are covered by the manufacturer's warranty. All lamps in this series can accommodate E27 bulbs.

The ATLANTA collection includes the following lamp models:

- Wall lamp MLP7450
- Chandelier with three light points MLP7451
- Chandelier with five light points MLP7452
- Table lamp MLP7453
- Floor lamp ATLANTA MLP7454
