DESCRIPTION

The ALBION lamp collection - brighten up your home

The ALBION collection from the MiLAGRO brand has been designed to provide comprehensive lighting for the entire home. It includes as many as 10 unique models. Among them are ceiling lamps, with two different shapes - with two or three light sources and a pendant lamp, as well as subtle sconces, floor and office lamps. Each of them will be a great point source of light. This impressive number of models will allow you to illuminate several rooms in one house, while maintaining consistency in the interior design. Lamps from the ALBION collection are distinguished by a geometric form - their shades are round or rectangular. The lighting is kept in subdued colors. The collection is dominated by white, which is combined with elegant gray and with subtle golden details. This combination makes the lamps a perfect complement to both minimalistic rooms and those decorated in a glamor style.

The ALBION series - the magic of cotton

Lamps from the ALBION collection are distinguished by their materials. The lampshades are made of cotton, thanks to which the light they provide is extremely delicate and subtle. In each of the lamps from the MiLAGRO brand, there is an appropriate number of places for the E27 light source - from 1 to 3, depending on the model. And next to the wall lamp and the floor lamp, there is also a place for a mini GU10 bulb. In addition, the ceiling lights are available in three different sizes: 40 x 40 x 13 cm, 50 x 50 x 13 cm and 60 x 60 x 13 cm. Thanks to that, everyone can easily adjust their size to the room and individual needs.

ALBION lamps from the MiLAGRO collection are covered by the manufacturer's warranty.

The ALBION collection includes the following lamp models:

- MLP7504 white wall lamp
- MLP7505 white wall lamp
