**DESCRIPTION****LED RGB Smart set - modern lighting in your home**

The LED RGB Smart set is a proposal from the Polish brand EKO-LIGHT, which is based on innovative technology of intelligent lighting. This gives you the ability to easily and quickly control the light from anywhere in your home. The LED strip has been designed in such a way that it can be operated using a mobile application installed on a smartphone or tablet. The Smart Tuya software works using a special QR code or an application called Smart Life available on the Internet. Easy installation and hassle-free configuration allows the user to immediately manage the lighting without the help of a specialist.

The RGB LED strip is suitable for virtually any room, but it will look best in a bedroom or a teenager's room. The modern design of the set allows you to change the color and intensity of light depending on the mood of the household members. Easy installation of lighting should not be a problem for anyone, but remember that you must not cut the strip yourself with scissors.

**Products from the Smart Tuya line from EKO-LIGHT are covered by a full manufacturer's warranty.**

**The collection of LED strips from the Polish brand EKO-LIGHT includes the following models:**

- **LED set RGB Wi-Fi 3m Smart Tuya IP65 + CCT + Dim 12V EKSM7527**
- **LED set RGB Wi-Fi 5m Smart Tuya IP65 + CCT + Dim 12V EKSM7534**
