## DESCRIPTION

---

The JOKER collection - lighting in a modern style

The new version of the JOKER collection is an ideal proposition for lovers of minimalist solutions in fashionable color tones. This series includes a wide range of various models, allowing you to create a coherent lighting design in one room or the whole house.

You can choose from small wall lamps, slender pendant lamps and practical ceiling lamps with a different number of light sources, as well as floor and bedside lamps. To make the collection even more attractive and increase its design potential, each model is available in several color variants. Depending on your preferences, you can choose navy blue or bottle green with golden accents, or a variant combining white or black with chrome or gold. Models in strong, decisive colors will look great in bright interiors, broken with accessories from the same color range, e.g. navy blue and green cushions or curtains. White and black lamps will fit into the atmosphere of any room - both modern, loft and glamor.

JOKER collection - elegance and functionality for everyone

The collection of JOKER lamps by the Polish brand MiLAGRO is distinguished by simple, minimalist lampshades in the form of cylinders of various sizes. In the case of pendant lamps, they are long and slender (42.5 cm), while in ceiling, floor and bedside lamps as well as wall lamps they have the form of 8.5 cm long reflectors. All lampshades and arms are made of the highest quality metal, thanks to which the lamps not only look stylish, but are also extremely durable.

Lamps are adapted to GU10 light sources.

The JOKER lamp collection includes the following models:

- Green and gold wall lamp MLP7717
- Green and gold ceiling lamp, double MLP7718
- Green and gold ceiling lamp, triple MLP7719
