DESCRIPTION

ACERO

A collection of ACERO lamps - ascetic in form, wood and metal in the lead role (solid wood and metal duo)

ACERO wire collection, made with attention to every detail, consists of a wall lamp and three hanging lamps with two, three and five light sources .

Due to the fact that this composition is composed of wood and black metal, it will easily fit into the atmosphere of a Scandinavian-style living room as well as loft interiors in a bar or restaurant.

Highly aesthetic caged lampshades will provide illumination of the room, bringing out various textures of furniture and walls, while presenting a beautiful play of light and shade after lighting the lamps.

It is worth noting that in the case of pendant lamps, the manufacturer has made it possible to adjust their height, so that the lighting can be easily adapted to your needs.

The intriguing and simple design will surely attract the attention of all guests.

Lamps from the ACERO family are adapted to classic E27 bulbs, but for a warmer, more decorative effect, the ideal solution is to choose a vintage-style bulb.

The collection includes:

- ACERO MLP7886 wall lamp
- ACERO MLP7887 hanging lamp
- ACERO MLP7888 hanging lamp
- ACERO MLP7889 hanging lamp
