Collection of TELA lamps - love for nature

Lighting manufacturer MiLAGRO focused on simplicity when creating this collection. Inspired by nature, he opted for moderation and harmony.

The TELA lamp family consists of a wall lamp and 3 hanging lamps with one and 3 light sources.

The Tela models are primarily rattan wrapped in a glass ball with the addition of wood. They will find a wide audience among people who feel best in interiors where you can feel the breath of nature. This eco-style lighting will look great in Scandinavian interiors.

TELA lamps, apart from being very stylish, are also extremely versatile. The natural eco style will visually warm up your living room as well as your kitchen or dining room. It will look great in the bedroom as well, creating a cozy relaxation zone.

By introducing TELA lamps into our houses and flats, we will bring harmony to them. The bright colors of this collection will blend in tastefully with white and various shades of beige.

The collection includes:

- TELA MLP7954 wall lamp
- TELA MLP7955 hanging lamp
- TELA MLP7956 hanging lamp
- TELA MLP7957 hanging lamp
