DESCRIPTION

The MERIDIANO lamp collection - a combination of a raw look and modern lifestyle

The MERIDIANO lamp family consists of two ceiling lamps and two hanging lamps (with one and three light sources). This is a lighting model modeled on an industrial style. These lamps look amazing in both loft and Scandinavian styles. In classic arrangements, they will contrast very tastefully with the decor.

The use of the ellipse-shaped cage lampshades, which are very fashionable today, provides better illumination of the room. These lampshades ensure very good visibility, therefore the best choice will be to combine them with decorative light bulbs, e.g. rustic ones.

The strength of the design of this collection lies in the possibility of adjusting it to interiors of different character. Due to the versatility of industrial-style lamps, this collection will be perfect not only in homes, but also in restaurants, store boutiques and even in offices.

The collection includes:

- Ceiling lamp MLP7958
- Ceiling lamp MLP7961
- Hanging lamp MLP7959
