DESCRIPTION

The PLATO lamp collection - modern classic

The PLATO ceiling lamp series is aimed at all connoisseurs of classic style with a modern twist. The lighting manufacturer MiLAGRO made sure in this case that the luminaires refer to the past and at the same time contain a part of the future. The PLATO lamp family represents the harmony of timeless forms that are defined by modern materials and technologies.

White, subtle opal glass spheres evenly distribute the soft light in the interior, without any glare. The simplicity of the form, on the other hand, introduces elegance and style into the rooms. The milk balls are complemented by a golden roof lining, which, when you turn on the light, pleases the eye with a beautiful, golden glow.

The PLATO collection, made with special care, is the best choice for lighting a living room or bedroom, but it will fulfill its decorative function equally well in a hotel or elegant restaurant. The proposed series fits beautifully with light and dark colors of the surroundings.

Depending on the choice of a particular model from this family of lamps, it has a thread for an E14 or E27 bulb.

The collection includes:

- Ceiling lamp PLATO MLP7966
- Ceiling lamp PLATO MLP7967
- Ceiling lamp PLATO MLP7968
