DESCRIPTION

CORIN

The collection of CORIN lamps - an uncomplicated form in a Scandinavian style

. The CORIN collection presents 5 hanging lamps in classic colors - black and white, additionally enriched with 3 pastel shades: blue, pink and green. The lamp consists only of a metal lampshade with a simple form and a cable 40-90 cm long, so it can be mounted at any height. The models of this collection are simple design that will fit perfectly into modern interiors, as well as Scandinavian arrangements, where white and pastels are the main elements.

Lamps from the CORIN family, due to the fact that they are made of metal, are best suited to dining rooms, above the kitchen counter, or as the main hall lighting. They will also play their role very well in commercial facilities, e.g. shopping centers, restaurants and confectioneries.

The lighting manufacturer MiLAGRO took care not only to satisfy customers with the beauty and versatility of the product, but also with reliability. The offered Scandinavian-style lighting suits interiors decorated in various styles, but it will be best to integrate it into bright rooms.

CORIN lamps are adapted to classic E27 bulbs.
