DESCRIPTION

BASKET lamps - a collection for demanding

customers The BASKET collection of the Polish brand MiLAGRO is a proposal that will delight those who seek complementary lighting in a minimalist style. This product family includes a practical wall lamp, a single overhang on a round rosette, a triple overhang on a rectangular strip, and a stylish bedside lamp. Each model is available in three colors: white, black and gray, which together gives as many as 12 variants of lamps and allows you to create a coherent lighting system throughout the room.

Lamps from the BASKET collection are an ideal solution for modern interiors dominated by a loft, minimalist or Scandinavian atmosphere. Hanging lamps and wall lamps with delicate lampshades made of metal wires arranged in the shape of a diamond will perfectly harmonize with wooden and steel elements of kitchen, living room or bedroom equipment. The whole arrangement will be effectively complemented by a small standing lamp with a classic lampshade in the form of a cylinder, mounted on an openwork, diamond base. The latter proposal will be perfect for a desk, a small coffee table, a chest of drawers or a bedside table. It is worth noting that in the case of pendant lamps, the manufacturer has made it possible to adjust their height, so that the lighting can be easily adapted to your needs. In the triple overhang, it also means that each of the lampshades can be set at a different height,
