Outdoor luminaires

GardenLink

Dusk-to-dawn sensor

With timer control

8719514477070

Garden light that you can simply plug in, connect, and enjoy

The Philips GardenLink low-voltage family offers a range of outdoor luminaires that you can easily and safely install yourself. You can connect multiple lights to a single power supply and plug it into a standard outlet, then easily add additional lights or reposition them whenever you like. Wiring is simple, and low-voltage means that there's no danger of harm to you, your kids, or your pets.

Ease of use

- Compatible with all GardenLink luminaires and accessories
- Easy to install with Twist & Lock connectors

Safe to use

- Extra Safety with 12V low voltage

Premium quality

- High quality material

Designed for outdoors

- IP44 - weather proof

8719514477070

Special characteristics

- Dusk to dawn sensor with timer control

Highlights

Compatible with all GardenLink luminaires and accessories

Every GardenLink luminaire offers the same Twist & Lock connector for easy installation and connection. You can reposition the luminaires and accessories as your outdoor illumination needs change, adding light to every corner of your garden.

Easy to install with Twist & Lock connectors

Super easy installation and connection with the products' Twist & Lock connectors. Simply plug the lights in and enjoy!

Extra Safety with 12V low voltage

Low-voltage (12V) lights are safe to install yourself without risk of electric shock—no professional electrician required.

High quality material

This Philips GardenLink Dusk-to-dawn sensor is made of high quality materials with superior finishing. This ensures a solid and long lasting product which is resistant to corrosion and stains in all weather conditions

IP44 - weather proof

This Philips outdoor light is especially designed for humid outdoor environments and has been tested rigorously to ensure water resistance. Its IP44 rating means that it has been certified to offer ingress protection against dust and splashing water—perfect for general outdoor use.

Dusk to dawn sensor with timer control

Add a dusk-to-dawn sensor that includes a timer for automatic control and energy savings. Set your Gardenlink lights to turn on automatically at night, then set them to turn off automatically after 3 or 8 hours.
