Drive with care

Higher lifetime, less replacement

Tired of changing your headlight bulbs all the time? With higher lifetime of a car bulb, Philips LongLife EcoVision is the choice for drivers seeking to minimise maintenance on their vehicles.

Benefits

Lasts significantly longer than a standard lamp

- Change both your headlamps at once for more safety
- Wide range of 12 V lamps to meet all functions
- No replacement necessary for 100,000 km
- High-quality filament design to minimise maintenance
- Less waste thanks to fewer replacements

Original Equipment manufacturer

- Respecting the high quality standards of ECE homologation

- Award-winning car lamp manufacturer
- Philips are the choice of major car manufacturers.

Very high quality and ultra-resistant car lamp

- Philips car lamps are made of high-quality quartz glass
- Philips car lamps are highly resistant to humidity
- Philips car lamps are highly UV resistant

PHILIPS

Features

Change in pairs

It is highly recommended to change them in pairs for symmetrical light performance

Designed for multiple usage

Which 12V lamp for which function? Philips Automotive offering includes all car specific functions: high beam, low beam, front fog, front indicator, side indicator, rear indicator, stop light, reversing light, rear fog light, licence plate lights, rear position/parking light, interior lights.

Drive several times longer

With Philips LongLife EcoVision, drivers don't have to worry about changing a headlamp for at least 100,000 km.

ECE homologation

Philips automotive products and services are considered best in class in the Original Equipment Manufacturer market and the aftermarket. Manufactured from high-quality products and tested to the highest specifications, our products are designed to maximise the safety and comfort of our customers' driving experience. Our entire product range is thoroughly tested, controlled and certified (ISO 9001, ISO 14001 and QSO 9000) to the highest ECE requirements. Put simply, this is quality you can trust.

High-quality quartz glass

UV-quartz glass is stronger than hard glass and highly resistant to temperature extremes and vibrations, which eliminates the risk of explosion. Philips quartz-glass lamps (filament 2 650°C and glass 800°C) are able to withstand severe thermal shock. With the capability of increased pressure inside the lamp, UV-quartz glass is able to produce a more powerful light

Reduced maintenance

With Philips LongLife EcoVision, you need significantly fewer lamp replacements. This makes them the ideal lamp for high-voltage cars.

Resistance to humidity

Only a burning bulb made of quartz glass (filament 2650°C, glass 800°C) can resist thermal shocks: if a drop of cold water touches the hot bulb, which can happen when you drive through water with a broken headlight unit.

Award-winning car lamps

Our lights are often awarded by automotive experts.

UV Resistant

Philips special anti-UV coating technology protects the headlights against harmful ultraviolet radiation, making Philips UV-coated quartz glass perfect for all driving conditions and ensuring their longevity

Reduce waste, drive greener

It is the right choice for drivers looking for an environmentally friendly lighting solution.

Car manufacturers' choice

For 100 years, Philips has been at the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting.

Packaging Data

EAN3	8727900370836
EAN1	8727900361896
Packaging type	C1

Electrical characteristics

Voltage	12 V
Wattage	60/55 W

Lifetime

Life time	Up to 1500 h
-----------	--------------

Light characteristics

Lumens	1650/1000 +/-15% lm
Colour temperature	Up to 3100 K

Ordering information

Order entry	12342LLECO1
Ordering code	36189660

Outer pack information

Gross weight per piece	3.2 kg
Height	16.7 cm
Length	47.8 cm
Width	24.1 cm

Product description

Type	H4
Application	High beam Front fog light Low beam
Designation	H4 LongLife EcoVision
Homologation ECE	YES
Range	LongLife EcoVision
Technology	Halogen
Base	P43t-38

Packed product information

Pack Quantity	1
MOQ (for professionals)	10
Gross weight per piece	32 g
Height	7.6 cm
Length	4.55 cm
Net weight per piece	21.359 g
Width	4.55 cm

Marketing specifications

Expected benefits	Long lasting
Product highlight	Higher lifetime
