PRODUCT DESCRIPTION

The compact Ledlenser SL Pro110 not only fits in any pocket, it also suits any budget. It may be streamlined down to only the most necessary size and features, but one thing remains unchanged: the extraordinary Ledlenser quality. This power LED will impress you with a bright beam that reaches up to 100 metres[1] to illuminate even the smallest corners. Thanks to its robust aluminium housing, this torch is protected even from rain. So much light for such a low price.

- Compact price–performance champion weighing just 67 g
- More than 100 lm[1] of lighting power with impressive burn time
- Focused on the essentials: maximum operability and solid quality finish
- The robust aluminium housing protects against scratches and splashing water
- Ledlenser's well-known LED quality provides a beam distance of up to 100 metres[1]

1) Luminous flux (lumen/lm) or maximum beam distance (in meters/m) is measured using the setting specified in the table or text when switching on with a set of fresh alkaline batteries. If no brightness level is named specifically, the values refer to the brightest possible setting. These are average values that may deviate by +/-15 % in individual instances in accordance with chip and battery. The average lighting duration (hours/h), measured in the relevant setting as given in the table or text, down to a luminous flux of 1 lumen. If no brightness level is named specifically, the values refer to the Low Power function, or if not present, to the lowest possible setting.
